Title: Willcom Input on Emoji
Date: 2010-3-8
Source: Japan
Status: FYI
Requested Action: WG 2 to discuss

Japan national body received the following comment on Emoji additions to 10646 from WILLCOM, Inc., a Japanese mobile network operator. Japan wants WG 2 to consider this input.

WILLCOM provides a set of emoji that is essentially same as DoCoMo's. To reflect the fact, the explanation of the second column of EmojiSrc.txt should be changed as follows:

DoCoMo/WILLCOM Shift-JIS code
